COMPUTER SCIENCE AREA OF CONCENTRATION, COMPUTER SCIENCE AND TECHNOLOGIES AA: 107

Total Credits: 60
Catalog Edition: 2020-2021

Program Description
This degree is designed for students who plan to transfer to a four-year degree program in computer science or for students in mathematics, science, or technical areas who wish to acquire skills in computer software development for scientific and technical applications. The courses in the program provide an academic core of the theoretical concepts of computer science combined with the fundamentals of structured design and development techniques for computer programming.

Because of the academic level of this area of concentration, students are expected to demonstrate college-level skills in English, mathematics, and elementary programming.

Not all CMSC courses transfer to all institutions. Please consult an advisor or the transfer institution before selecting elective courses.

Program Outcomes
Upon completion of this program a student will be able to:

• Apply logical skills and mathematical concepts to analyze, design and implement computer algorithms and programs.
• Demonstrate proficiency in a high level programming language.
• Demonstrate proficiency in current design techniques, i.e. Object Oriented Design.

Program Advisors

Total Credit Hours: 60

* ENGL 101/ENGL 101A, if needed for ENGL 102/ENGL 103, or elective. Please consult an advisor or transfer institution for assistance with course selection.

** Behavioral and Social Science Distribution (BSSD) courses must come from different disciplines.

† Program elective courses are any (CMSC Courses, MATH 117, MATH 165, MATH 280, MATH 282, MATH 284. Up to four credits can be elective courses). See department advisor for elective or equivalent course substitution if appropriate. Not all CMSC courses transfer to all institutions. Please consult an advisor or the transfer institution before selecting program elective courses.

†† Please consult an advisor or the transfer institution before selecting general education institutional requirements (GEIR).
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit https://www.montgomerycollege.edu/transfer or http://artsys.usmd.edu.

Get Involved at MC!
Employers and Transfer Institutions are looking for experience outside the classroom.
