# PORTRAIT, FASHION, AND PHOTOJOURNALISM CERTIFICATE

Total Credits: 13 Catalog Edition: 2024-2025

# **Program Description**

(R): 172

This certificate curriculum is intended to upgrade skills for currently employed individuals or to provide new skills for a change in job specialization. It provides basic black-and-white and color photography skills, and advanced skills in the photography of people in the photojournalism, portrait, fashion, and illustration professional fields of photography.

### **Program Outcomes**

€ Upon completion of this program, a student will be able to:

- Work with digital imaging technology and a variety of lighting equipment to produce photographic images for use in studio, architectural, fine art, and varied commercial environments.
- Design and create advanced converging media content for story telling with both print image sequencing and video.
- Design and create advanced photographic applications that specifically address the needs of commercial and fine art portrait and fashion markets.
- Consciously employ complex aesthetic strategies as they apply to visual problem-solving methods.
