

AUDIO PRODUCTION CERTIFICATE: 208A

Total Credits: 17

Catalog Edition: 2020-2021

Program Description

(R): 208A

This certificate prepares the student for immediate employment in the audio industry. Courses are designed to increase proficiency in audio production skills. This concentrated approach will provide introductory and/or higher level training for first time employment in radio or for professional development.

Program Outcomes

Upon completion of this program a student will be able to:

Record professional audio in studios, announce booths and on location with a variety of microphones and recording devices.

Produce professional segments and programs of varies lengths for the radio and audio production industry.

Solve technical and logistical problems through planning and preparation to successfully meet production deadlines.

Create a portfolio that reflects the employment standards of the radio and sound recording industry.
