

BUSINESS ANALYTICS CERTIFICATE, STATEWIDE PROGRAM

Total Credits: 18

Catalog Edition: 2025-2026

Program Description

The certificate in Business Analytics is designed to meet the growing demand for highly skilled professionals with analytics expertise. The certificate provides an excellent opportunity for students who want to increase their data literacy, improve their marketability, and/or prepare for a career in business analytics. It is also suitable for those who wish to advance their professional careers by supplementing their work experience or an existing college or graduate degree with business analytics knowledge. Students will use mathematics, statistics, and data science to gain hands-on experience in using Excel, R, Tableau, and SQL in business analytics to summarize, visualize, and analyze data.

- Angel Salinas-Gonzalez (Accounting), 240-567-3874, Angel.Salinas@montgomerycollege.edu

Program Outcomes

Upon completion of this program a student will be able to:

- Employ business analytics tools and techniques for the purpose of using data to inform organizational decision-making related to core business functions.
- Demonstrate competency using appropriate statistical methods to engage in descriptive, predictive, and prescriptive analytics to gain business insights.
- Develop original analyses and prescribe solutions related to scenarios involving the core business functions of operations, finance and accounting, marketing, and human resources.
- Summarize and communicate findings of analyses using charts, graphs, infographics, and dashboards.

Program Advisors

- Linda Fontaine (Coordinator), 240-567-4005, Linda.Fontaine@montgomerycollege.edu
- Jonathan Opat (Business), 240-567-7187, Jonathan.Opat@montgomerycollege.edu
