Program Description

(R): 302

There are two area of concentrations leading to the AAS in architectural and construction technology: architectural technology and management of construction. In addition, two certificates are offered: CAD for the building professional and management of construction. Both of the AAS area of concentrations are designed to prepare graduates for entry into paraprofessional positions in the construction industry and architecture upon completion of the curriculum. (See Construction Management)

Graduates of this AS area of concentration continue their education toward professional degrees or seek employment immediately as paraprofessionals. Technicians specializing in architecture and construction are prepared to assist and work with architects, contractors, and related professionals.

Successful graduates involve themselves in many specialized aspects of the construction industry, including preparation of contract drawings, supervision and/or inspection of construction work, and contract administration. Computer drafting skills provide extensive opportunities for graduates.

Students planning to transfer to four-year schools of architecture should be aware that not all courses in the curriculum may transfer.

Program Outcomes

Upon completion of this program, a student will be able to:

• Synthesize social, economic, environmental, material, and aesthetic issues to create architectural designs.
• Document design strategies using a variety of graphic verbal and written forms.
• Analyze various construction technologies and materials and demonstrate mastery in application in graphic format.
• Demonstrate an understanding of building design by means of resolving architectural space planning, aesthetic, and construction details issues in design projects such as residential, commercial, or public structures.

Program Advisors

Rockville

• Prof. Chantal Vilmar, 240-567-1718, Chantal.Vilmar@montgomerycollege.edu

**Suggested Course Sequence**

A suggested course sequence for full-time students follows. All students should review this advising guide and consult an advisor.

### First Semester

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 101</td>
<td>Introduction to College Writing</td>
<td>3 hours</td>
</tr>
<tr>
<td>MATH 150</td>
<td>Elementary Applied Calculus I</td>
<td>4 hours</td>
</tr>
<tr>
<td>ARCH 101</td>
<td>Introduction to Architecture and the Built</td>
<td>3 hours</td>
</tr>
<tr>
<td>ARCH 103</td>
<td>Building Technology and Documentation</td>
<td>3 hours</td>
</tr>
<tr>
<td>CMGT 100</td>
<td>Construction Methods and Materials</td>
<td>3 hours</td>
</tr>
</tbody>
</table>

### Second Semester

**Total Credit Hours: 60**

* ENGL 101, if needed for ENGL 102/ENGL 103, or elective.

‡ CMGT 290 must be taken three times for credit.
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit https://www.montgomerycollege.edu/transfer or http://artsy.usmd.edu.

Get Involved at MC!
