CIVIL ENGINEERING AREA OF CONCENTRATION, ENGINEERING SCIENCE AS: 407

Total Credits: 60
Catalog Edition: 2020-2021

Program Description
This curriculum is designed to provide the first two years of a four-year program leading to the award of a BS in engineering. A student planning to transfer to any baccalaureate degree granting institution should follow the appropriate area of concentration listed below in consultation with an engineering advisor. The student should also visit the Montgomery College Engineering Advising website http://www.montgomerycollege.edu/engineeringadvising for up-to-date comprehensive information on transfer requirements for all universities and colleges with which we have an articulated transfer program.

Completion of all requirements for any area of concentration in engineering science will lead to the award of the AS in engineering science.

This area of concentration will prepare students to transfer to a four-year university with a major in civil engineering. Specific requirements in colleges vary, and the student preparing for a particular institution may, with approval, change the sequence listed below; this sequence of courses is articulated with the civil engineering program at the University of Maryland, College Park. A suggested course sequence for full-time students follows; all students should consult an engineering advisor. The student should also visit the Montgomery College Engineering Advising website at http://www.montgomerycollege.edu/engineeringadvising for up-to-date comprehensive information.

Program Outcomes
Upon completion of this program a student will be able to:

- Identify, formulate, and solve basic physics and engineering problems in structural mechanics.
- Analyze and design simple structures using analytical and numerical methods in the area of civil engineering.
- Use appropriate computer programming and applications software in civil engineering.

CIVIL ENGINEERING AREA OF CONCENTRATION,  
ENGINEERING SCIENCE AS: 407

Suggested Course Sequence
A suggested course sequence for full-time students follows. All students should review this advising guide and consult an advisor.

First Semester
ENGL 102 - Critical Reading, Writing, and Research 3 semester hours (ENGF)
MATH 181 - Calculus I 4 semester hours (MATF)
CHEM 135 - General Chemistry for Engineers 4 semester hours
OR
CHEM 132 4 semester hours
ENES 100 - Introduction to Engineering Design 3 semester hours (NSND/GEEL)

Second Semester
ENES 102 - Statics 3 semester hours
MATH 182 - Calculus II 4 semester hours
PHYS 161 - General Physics I: Mechanics and Heat 3 semester hours (NSND)
Arts Distribution 3 semester hours (ARTD)

Third Semester
ENES 220 - Mechanics of Materials 3 semester hours
MATH 280 - Multivariable Calculus 4 semester hours
PHYS 262 - General Physics II: Electricity and Magnetism 4 semester hours (NSLD)
Behavioral and Social Sciences Distribution 3 semester hours (BSSD) **

Fourth Semester
ENES 120 - Biology for Engineers 3 semester hours
OR
ENES 221 3 semester hours
ENES 240 - Scientific and Engineering Computation 3 semester hours
MATH 282 - Differential Equations 3 semester hours
Behavioral and Social Science Distribution 3 semester hours (BSSD) **
Program Elective 4 semester hours †

Total Credit Hours: 60
** Behavioral and social science distribution (BSSD) course must come from different disciplines.
† Program elective courses: BIOL 105 and BIOL 106, BIOL 150, CHEM 203, GEOL 101, or PHYS 263, depending on the transfer institution.

Advising Notes
Most engineering students will start at MC missing one or more pre-requisites for CHEM 131, CHEM 132, CHEM 135, ENGL 102, ENES 100, and MATH 181.
The appropriate initial chemistry courses will be determined by the student's score on the Chemistry Placement Exam, mathematics level, AP/IB credits, or transfer credits. Possible courses include CHEM 099, CHEM 131, CHEM 132, or CHEM 135. Either CHEM 132 or CHEM 135 satisfies the required chemistry credit for UMCP. CHEM 131-CHEM 132 satisfies the required chemistry credit for UMBC, but CHEM 135 does not.
The pre-requisite for ENGL 102 is ENGL 101 or ENGL 101A. English course placement is determined by the Accuplacer English/Reading Test.
The co-requisite for ENES 100 is MATH 165 or higher.
The pre-requisite for MATH 181 is MATH 165 (Precalculus). Mathematics initial course placement will be determined by the Accuplacer Math Test, AP/IB credit, or transfer credits.
UMCP's ENCE 100, 200, 215, 305 for which MC has no equivalents, must be completed after transfer or through MTAP. ENES 221 is only required for Geotechnical/Structures Track at UMCP. ENES 120 is required for Environmental/Water Resources Track at UMCP.
For Program elective, BIOL 105 and BIOL 106, BIOL 150, CHEM 203, GEOL 101, or PHYS 263 may be appropriate depending on the transfer institution.
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit [https://www.montgomerycollege.edu/transfer](https://www.montgomerycollege.edu/transfer) or [http://artsys.usmd.edu](http://artsys.usmd.edu).

Get Involved at MC!
Employers and Transfer Institutions are looking for experience outside the classroom.

MC Student Clubs and Organizations: [https://www.montgomerycollege.edu/life-at-mc/student-life/](https://www.montgomerycollege.edu/life-at-mc/student-life/)
Engineering Student Professional Groups: [https://www.montgomerycollege.edu/academics/programs/engineering-science/resources.html](https://www.montgomerycollege.edu/academics/programs/engineering-science/resources.html)

Related Careers
Some require a Bachelor’s degree.
Wind Energy Project Manager, Transportation Engineer, Civil Engineer, Construction Manager, Architectural and Engineering Manager.

Career Services
Montgomery College offers a range of services to students and alumni to support the career planning process. To learn more, please visit [https://www.montgomerycollege.edu/career](https://www.montgomerycollege.edu/career)

Career Coach
A valuable online search tool that will give you the opportunity to explore hundreds of potential careers or job possibilities in Maryland and the Washington D.C. metropolitan area. Get started today on your road to a new future and give it a try. For more information, please visit [https://montgomerycollege.emsicareercoach.com](https://montgomerycollege.emsicareercoach.com)
