

AEROSPACE ENGINEERING AREA OF CONCENTRATION, ENGINEERING SCIENCE AS: 408

Total Credits: 61

Catalog Edition: 2020-2021

Program Description

This curriculum is designed to provide the first two years of a four-year program leading to the award of a BS in engineering. A student planning to transfer to any baccalaureate degree granting institution should follow the appropriate area of concentration listed below in consultation with an engineering advisor. The student should also visit the Montgomery College Engineering Advising website at <http://www.montgomerycollege.edu/engineeringadvising> for up-to-date comprehensive information on transfer requirements for all universities and colleges with which we have an articulated transfer program.

Completion of all requirements for any area of concentration in engineering science will lead to the award of the AS in engineering science.

This area of concentration will prepare students to transfer to a four-year university with a major in aerospace engineering. Specific requirements in colleges vary, and the student preparing for a particular institution may, with approval, change the sequence listed below; this sequence of courses is articulated with the aerospace engineering program at the University of Maryland, College Park. A suggested course sequence for full-time students follows; all students should consult an engineering advisor. The student should also visit the Montgomery College Engineering Advising website at <http://www.montgomerycollege.edu/engineeringadvising> for up-to-date comprehensive information.

Program Outcomes

Upon completion of this program a student will be able to:

- Identify, formulate, and solve basic physics and engineering problems in mechanics and thermodynamics.
- Design simple mechanisms and structures using analytical and numerical methods in the area of aerospace engineering.

Use appropriate computer programming and application software in aerospace engineering.

2020-2021

Program Advising Guide

An Academic Reference Tool for Students

AEROSPACE ENGINEERING AREA OF CONCENTRATION, ENGINEERING SCIENCE AS: 408

Suggested Course Sequence

A suggested course sequence for full-time students follows. All students should review this advising guide and consult an advisor.

First Semester

ENGL 102 - Critical Reading, Writing, and Research 3 semester hours (ENGF)

MATH 181 - Calculus I 4 semester hours (MATF)

CHEM 135 - General Chemistry for Engineers 4 semester hours

OR

CHEM 132 - Principles of Chemistry II 4 semester hours

ENES 100 - Introduction to Engineering Design 3 semester hours (NSND/GEEL)

Third Semester

ENES 220 - Mechanics of Materials 3 semester hours

MATH 280 - Multivariable Calculus 4 semester hours

PHYS 262 - General Physics II: Electricity and Magnetism 4 semester hours (NSLD)

Arts Distribution 3 semester hours (ARTD)

Second Semester

ENES 102 - Statics 3 semester hours

MATH 182 - Calculus II 4 semester hours

PHYS 161 - General Physics I: Mechanics and Heat 3 semester hours (NSND)

Behavioral and Social Sciences Distribution 3 semester hours (BSSD) **

Humanities Distribution 3 semester hours (HUMD)

Fourth Semester

ENES 232 - Thermodynamics 3 semester hours

MATH 282 - Differential Equations 3 semester hours

MATH 284 - Linear Algebra 4 semester hours

PHYS 263 - General Physics III: Waves, Optics, and Modern Physics 4 semester hours

Behavioral and Social Sciences Distribution 3 semester hours (BSSD) **

Total Credit Hours: 61

** Behavioral and social science distribution (BSSD) course must come from different disciplines.

Advising Notes

Most engineering students will start at MC missing one or more prerequisites for CHEM 131, CHEM 132, CHEM 135, ENGL 102, ENES 100, and MATH 181.

The appropriate initial chemistry courses will be determined by the student's score on the Chemistry Placement Exam, mathematics level, AP/IB credits, or transfer credits. Possible courses include CHEM 099, CHEM 131, CHEM 132, or CHEM 135. Either CHEM 132 or CHEM 135 satisfies the required chemistry credit for UMCP. CHEM 131-CHEM 132 satisfies the required chemistry credit for UMBC, but CHEM 135 does not.

The prerequisite for ENGL 102 is ENGL 101 or ENGL 101A. English course placement is determined by the Accuplacer English/Reading Test.

The corequisite for ENES 100 is MATH 165 or higher.

The prerequisite for MATH 181 is MATH 165 (Precalculus). Mathematics initial course placement will be determined by the ALEKS Math Placement, Accuplacer Math Test, AP/IB credit, or transfer credits.

UMCP's ENAE 200 (1) and 283 (3) for which MC has no equivalents, remain to be taken at UMCP. Students need to take ENAE 283 in order to achieve full junior standing upon transfer. This must be done in summer term prior to fall term transfer. CMSC 140 (3) or ENEE 150 (3) or CMSC 203 (4) and either ENES 240 (3) or ENES 206 (1) combined can be equivalent to UMCP's ENAE 202 (3).

Transfer Opportunities

Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit <https://www.montgomerycollege.edu/transfer> or <http://artsys.usmd.edu>.

Get Involved at MC!

Employers and Transfer Institutions are looking for experience outside the classroom.
