COMPUTER ENGINEERING AREA OF CONCENTRATION, ENGINEERING SCIENCE AS: 409

Total Credits: 65
Catalog Edition: 2020-2021

**Program Description**
This curriculum is designed to provide the first two years of a four-year program leading to the award of a BS in engineering. A student planning to transfer to any baccalaureate degree granting institution should follow the appropriate area of concentration listed below in consultation with an engineering advisor. The student should also visit the Montgomery College Engineering Advising website [http://www.montgomerycollege.edu/engineeringadvising](http://www.montgomerycollege.edu/engineeringadvising) for up-to-date comprehensive information on transfer requirements for all universities and colleges with which we have an articulated transfer program.

Completion of all requirements for any area of concentration in engineering science will lead to the award of the AS in engineering science.

This area of concentration will prepare students to transfer to a four-year university with a major in computer engineering. Specific requirements in colleges vary, and the student preparing for a particular institution may, with approval, change the sequence listed below; this sequence of courses is articulated with the computer engineering program at the University of Maryland, Baltimore County. A suggested course sequence for full-time students follows; all students should consult an engineering advisor. The student should also visit the Montgomery College Engineering Advising website at [http://www.montgomerycollege.edu/engineeringadvising](http://www.montgomerycollege.edu/engineeringadvising) for up-to-date comprehensive information.

**Program Outcomes**
Upon completion of this program a student will be able to:

- Identify, formulate, and solve basic physics and engineering problems in programming and digital circuits.
- Design simple systems using computing theory and numerical methods in the area of Computer Engineering.
- Use appropriate computer application software in computer engineering.

**Program Advisors**
**Email**: engineeringprogram@montgomerycollege.edu
**Phone**: 240-567-5230

Suggested Course Sequence
A suggested course sequence for full-time students follows. All students should review this advising guide and consult an advisor.

**First Semester**
- ENGL 102 - Critical Reading, Writing, and Research 3 semester hours (ENGF)
- MATH 181 - Calculus I 4 semester hours (MATF)
- CHEM 135 - General Chemistry for Engineers 4 semester hours

OR
- CHEM 132 4 semester hours
- ENES 100 - Introduction to Engineering Design 3 semester hours (NSND/GEEL)

**Second Semester**
- CMSC 204 - Computer Science II 4 semester hours
- ENEE 244 - Digital Logic Design 3 semester hours
- MATH 282 - Differential Equations 3 semester hours
- PHYS 262 - General Physics II: Electricity and Magnetism 3 semester hours (NSLD)

**Third Semester**
- CMSC 207 - Introduction to Discrete Structures 4 semester hours
- ENEE 207 - Electric Circuits 4 semester hours
- ENEE 222 - Elements of Discrete Signal Analysis 4 semester hours
- ENEE 245 - Digital Circuits and Systems Laboratory 2 semester hours

Humanities distribution 3 semester hours (HUMD)

**Fourth Semester**
- CMSC 207 - Introduction to Discrete Structures 4 semester hours
- ENEE 207 - Electric Circuits 4 semester hours
- ENEE 222 - Elements of Discrete Signal Analysis 4 semester hours
- ENEE 245 - Digital Circuits and Systems Laboratory 2 semester hours

Behavioral and social science distribution 3 semester hours (BSSD) **

**Total Credit Hours: 65**
**Behavioral and Social Science Distribution (BSSD) courses must come from different disciplines.**

**Advising Notes**
Most engineering students will start at MC missing one or more pre-requisites for CHEM 131, CHEM 132, CHEM 135, ENGL 102, ENES 100, MATH 181, or CMSC 203.
The appropriate initial chemistry courses will be determined by the student's score on the Chemistry Placement Exam, mathematics level, AP/IB credits, or transfer credits. Possible courses include CHEM 099, CHEM 131, CHEM 132, or CHEM 135. Either CHEM 132 or CHEM 135 satisfies the required chemistry credit for UMCP. CHEM 131 -CHEM 132 satisfies the required chemistry credit for UMBC, but CHEM 135 does not.
The pre-requisite for ENGL 102 is ENGL 101 or ENGL 101A. English course placement is determined by the Accuplacer English/Reading Test.
The co-requisite for ENES 100 is MATH 165 or higher.
The pre-requisite for MATH 181 is MATH 165 (Precalculus). Mathematics initial course placement will be determined by the ALEKS Math Placement, Accuplacer Math Test, AP/IB credit, or transfer credits.
The pre-requisite for CMSC 203 is a grade of C or better in CMSC 140 or consent of department. The pre- or corequisite for CMSC 203 is MATH 181.
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit https://www.montgomerycollege.edu/transfer or http://artsys.usmd.edu.

Get Involved at MC!
Employers and Transfer Institutions are looking for experience outside the classroom.

MC Student Clubs and Organizations: https://www.montgomerycollege.edu/life-at-mc/student-life/
