NURSING AS: 570
Total Credits: 70
Catalog Edition: 2021-2022

Program Description
The basic nursing curriculum covers two academic years, is approved by the Maryland Board of Nursing, and is accredited by the National League for Nursing Accrediting Commission. Upon successful completion of the curriculum, the graduate is granted the AS in nursing and is eligible to take the state board examination for registered nurse licensure. Graduates will be prepared to give competent nursing care to patients in hospitals, nursing homes, and other comparable health agencies under the supervision of more experienced practitioners and, with appropriate experience and further preparation, should be able to assume increasing responsibility in nursing. Hospitals, nursing homes, and other health agencies within the metropolitan area will provide the settings for a variety of clinical experiences, which are planned as a vital part of each nursing course.

Program Outcomes
Upon completion of this program a student will be able to:

• Maintain legal, ethical, evidence-based, and professional standards in nursing.
• Utilize clinical reasoning in practice.
• Practice patient centered care.
• Demonstrate teamwork and collaboration.
• Effectively use current technology and informatics.
• Ensure a safe environment for patient, self, and others.

Program Advisors
Nursing students are assigned an academic program advisor upon acceptance into the nursing program. If you are a current nursing student and do not know who your advisor is, email nursing.program@montgomerycollege.edu. Prospective students should attend an https://www.montgomerycollege.edu/academics/programs/nursing/resources.html for more information.

Takoma Park/Silver Spring
- Prof. Dianna Matthews, 240-567-5552, Dianna.Matthews@montgomerycollege.edu
- Dr. Monique Davis, 240-567-5622, Monique.Davis@montgomerycollege.edu

- NURS 226 - Nursing Care of Special Populations II: Maternal/Child Nursing 5 semester hours
- NURS 240 - Nursing in Health and Illness III 7 semester hours

Total Credit Hours: 70

Advising Notes
In addition to the scholastic standards required of all students in the College, nursing students are required to achieve a grade of C or better in mathematics foundation, BIOL 210, BIOL 212, and BIOL 213, and each nursing course in order to continue in the program. The nursing curriculum depends on proper sequencing of courses.

All non-nursing courses in the curriculum, with the exception of the arts and humanities distribution courses, are to be completed prior to or during the semester in which they are listed.
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit https://www.montgomerycollege.edu/transfer or http://artsys.usmd.edu.

Notes:
This is a selective program with specific admissions requirements. Applications should be received in the Admissions Office by April 1 for fall semester and by August 1 for spring semester. For additional information, contact the Admissions and Records Office at the Takoma Park/Silver Spring Campus, 240-567-1501, or the program department.

After acceptance into the nursing program, all students must obtain current CPR certification for “Healthcare Provider” or “Professional Rescuer” as well as a TB test or chest X-ray showing no evidence of tubercular disease. Clinical agencies require documented evidence (titers) of immunity to measles, mumps, rubella, and hepatitis B (immunization series may be in progress with titer obtained at its conclusion). In addition, knowledge of varicella (chicken pox) immune status by blood titer is required.
