Program Description
This curriculum prepares students to transfer to a secondary education physics program at a four-year college or university in the state of Maryland. The AAT articulates with all Maryland transfer programs in secondary physics education. The program enables students to fulfill their General Education requirements, participate in fieldwork experiences, and complete a core of professional education coursework appropriate for the first two years of teacher preparation. To earn the AAT, students must achieve a minimum of a 2.75 cumulative GPA and present acceptable scores on a state-approved basic skills test.

Participation in field experiences with Montgomery County Public Schools (MCPS) is an important component of all teacher education transfer programs at Montgomery College. Completion of fingerprinting for state and federal level background checks (or documentation of recent prior completion) is mandatory for enrollment in any course requiring experiences in MCPS. Further information on background checks may be found on the School of Education website at https://www.montgomerycollege.edu/academics/abeess/school-of-education/index.html.

Program Outcomes
Upon completion of this program a student will be able to:
- Identify major historical events in education and analyze the impact of those events with current educational trends.
- Identify the psychological, cognitive, emotional, and physical characteristics of typically developing children and adolescents, with specific consideration to disabilities and cultural and linguistic diversity.
- Analyze and critique current scientifically-based research and culturally responsive instructional practices for the purpose of understanding the educational needs of students and families.
- Identify the current and inclusive philosophies for differentiating instruction to analyze, improve, and facilitate instruction for diverse learners.
- Demonstrate and utilize technology as a teaching/reinforcement tool.
- Develop excellent written, verbal, critical thinking, and problem solving skills, which will allow him or her to effectively make connections between prior knowledge/experience and new learning.
- Demonstrate proficiency in the application of physics to include mechanics, electricity, wave theory, and modern physics.

Suggested Course Sequence
A suggested course sequence for full-time students follows. All students should review this advising guide and consult an advisor.

First Semester
ENGL 101 - Introduction to College Writing 3 semester hours *
MATH 181 - Calculus I 4 semester hours (MATF)
BIOL 150 - Principles of Biology I 4 semester hours
OR
CHEM 131 4 semester hours
EDUC 101 - Foundations of Education 3 semester hours
EDUC 102 - Field Experience in Education 1 semester hour

Third Semester
HIST 200 - History of the United States, a Survey Course: from Colonial Times to 1865 3 semester hours (HUMD)
ISTD 173 - Integrated Arts 3 semester hours (ARTD)
MATH 280 - Multivariable Calculus 4 semester hours
PHYS 262 - General Physics II: Electricity and Magnetism 4 semester hours
PSYC 216 - Adolescent Psychology 3 semester hours

Second Semester
ENGL 102 - Critical Reading, Writing, and Research 3 semester hours (ENGF)
EDUC 201 - Introduction to Special Education 3 semester hours
EDUC 202 - Field Experience in Special Education 1 semester hour
MATH 182 - Calculus II 4 semester hours
PHYS 161 - General Physics I: Mechanics and Heat 3 semester hours (NSND)
PSYC 102 - General Psychology 3 semester hours (BSSD) **

Fourth Semester
COMM 108 - Foundations of Human Communication 3 semester hours (GEIR)
PHYS 263 - General Physics III: Waves, Optics, and Modern Physics 4 semester hours
PSYC 227 - Educational Psychology 3 semester hours
Arts Distribution (ARTD) or Humanities Distribution (HUMD) 3 semester hours (GEIR) ***
Behavioral and Social Sciences Distribution 3 semester hours (BSSD) **

Total Credit Hours: 65
* ENGL 101/ENGL 101A, if needed for ENGL 102, or elective.
** Behavioral and Social Science Distribution (BSSD) courses must come from a different discipline than PSYC.
***One of these courses must meet the global/multicultural course requirement.
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit [https://www.montgomerycollege.edu/transfer](https://www.montgomerycollege.edu/transfer) or [http://artsys.usmd.edu](http://artsys.usmd.edu).

Get Involved at MC!
Employers and Transfer Institutions are looking for experience outside the classroom.

MC Student Clubs and Organizations: [https://www.montgomerycollege.edu/life-at-mc/student-life/](https://www.montgomerycollege.edu/life-at-mc/student-life/)

Related Careers
Most require a Bachelor’s degree.
High School Physics Teacher, Data Analyst, Applications Engineer, Aerospace and Defense, Physicist, Engineer, Science and Telecommunications.

Career Services
Montgomery College offers a range of services to students and alumni to support the career planning process. To learn more, please visit [https://www.montgomerycollege.edu/career](https://www.montgomerycollege.edu/career)

Career Coach
A valuable online search tool that will give you the opportunity to explore hundreds of potential careers or job possibilities in Maryland and the Washington D.C. metropolitan area. Get started today on your road to a new future and give it a try. For more information, please visit [https://montgomerycollege.emsicareercoach.com](https://montgomerycollege.emsicareercoach.com)
