CHEMICAL ENGINEERING AREA OF
CONCENTRATION, ENGINEERING SCIENCE AS: 406

Total Credits: 61
Catalog Edition: 2019-2020

Program Description
This curriculum is designed to provide the first two years
of a four-year program leading to the award of a BS in
engineering. A student planning to transfer to any baccalaureate
degree granting institution should follow the appropriate
area of concentration listed below in consultation with
an engineering advisor. The student should also visit the
Montgomery College Engineering Advising website http://
www.montgomerycollege.edu/engineeringadvising for up-to-
date comprehensive information on transfer requirements for
all universities and colleges with which we have an articulated
transfer program.

Completion of all requirements for any area of concentration
in engineering science will lead to the award of the AS in
engineering science.

This area of concentration will prepare students to transfer to
a four-year university with a major in chemical engineering.
Specific requirements in colleges vary, and the student preparing
for a particular institution may, with approval, change the
sequence listed below; this sequence of courses is articulated
with the chemical engineering program at the University
of Maryland, College Park. A suggested course sequence
for full-time students follows; all students should consult
an engineering adviser. The student should also visit the
Montgomery College Engineering Advising website at http://
www.montgomerycollege.edu/engineeringadvising for up-to-
date comprehensive information.

Program Outcomes
Upon completion of this program a student will be able to:

• Identify, formulate, and solve basic physics and organic
  chemistry problems.
• Analyze and design simple chemical processes.
• Use appropriate computer applications software in chemical
  engineering.

Program Advisors
Germantown
• Dr. Charles Kung,
  240-567-7799, Charles.Kung@montgomerycollege.edu
• Prof. Monica Mallini,
  240-567-1827, Monica.Mallini@montgomerycollege.edu

Rockville
• Prof. Craig Mogren,

**Total Credit Hours: 61**

**Behavioral and social science distribution (BSSD) course must come from different disciplines.**

**Advising Notes**
- Most engineering students will start at MC missing one or more prerequisites for CHEM 131, CHEM 132, CHEM 135, ENGL 102, ENES 100, and MATH 181.
- The appropriate initial chemistry courses will be determined by the student's score on the Chemistry Placement Exam, mathematics level, AP/IB credits, or transfer credits. Possible courses include CHEM 099, CHEM 131, CHEM 132, or CHEM 135. Either CHEM 132 or CHEM 135 satisfies the required chemistry credit for UMBC, but CHEM 135 does not.
- The prerequisite for ENGL 102 is ENGL 101 or ENGL 101A. English course placement is determined by the Accuplacer English/Reading Test.
- The corequisite for ENES 100 is MATH 165 or higher.
- The prerequisite for MATH 181 is MATH 165 (Precalculus). Mathematics initial course placement will be determined by the Accuplacer Math Test, AP/IB credit, or transfer credits.
- UMCP's courses CHBE 101, 250, 301, and 302 are courses for which MC has no equivalents. CHBE 101, 250, and 301 must be completed for junior standing at UMCP.
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit https://www.montgomerycollege.edu/transfer or http://artsys.usmd.edu.

Get Involved at MC!
Employers and Transfer Institutions are looking for experience outside the classroom.

MC Student Clubs and Organizations: https://cms.montgomerycollege.edu/edu/plain.aspx?id=2439
Engineering Student Professional Groups: https://cms.montgomerycollege.edu/engorgs.aspx

Related Careers
Some require a Bachelor’s degree.
Engineering Teacher - Postsecondary, Civil Engineer, Microsystems Engineer, Solar Energy Systems Engineer, Biochemical Engineer.

Career Services
Montgomery College offers a range of services to students and alumni to support the career planning process. To learn more, please visit https://www.montgomerycollege.edu/career

Career Coach
A valuable online search tool that will give you the opportunity to explore hundreds of potential careers or job possibilities in Maryland and the Washington D.C. metropolitan area. Get started today on your road to a new future and give it a try. For more information, please visit https://montgomerycollege.emsicareercoach.com
