DIGITAL MEDIA PRODUCTION CERTIFICATE: 214
Total Credits: 23-24
Catalog Edition: 2019-2020

Program Description
(R): 214
This certificate curriculum focuses on the technical and artistic development of digital media content suitable for various platforms including websites, meetings and presentations. By partnering with public service clients, students master production and media project management skills and complete projects suitable for commercial, educational or corporate use. This certificate is intended to assist those seeking first-time employment or planning to change careers, as well as for professional or portfolio development.

Program Outcomes
Upon completion of this program a student will be able to:

• Record professional video and audio in the studio and on location with a variety of cameras, lights, microphones and recording devices.

• Write, produce and edit professional videos and/or animations of various lengths designed to inform, engage or entertain specific target audiences.

• Solve technical and logistical problems through planning and preparation to successfully meet client deadlines with documentation of progress and delivery of product.

• Create a portfolio that reflects the employment standards of the video production industry.
