

ELECTRICAL WIRING CERTIFICATE: 245

Total Credits: 19-21

Catalog Edition: 2022-2023

Program Description

(R): 245

This certificate curriculum prepares individuals for employment or advancement in the electrical trade of the building and construction industry. A combination of academic and practical instruction will provide individuals with knowledge and skills that are necessary for success in the electrical profession. Credits may also be applied to the Building Trades Technology AAS degree.

Program Outcomes

Upon completion of this program a student will be able to:

- Demonstrate the ability to work effectively as a team member with various construction trades and personnel.
- Describe effectively the construction process as it applies to residential buildings.
- Apply practical construction skills in electrical wiring.
- Communicate written, verbal, and visual information as it relates to electrical wiring.
