Program Description
This curriculum prepares students to transfer to any secondary education mathematics program at a four-year college or university in the state of Maryland. The AAT articulates with all Maryland transfer programs in mathematics education. The program enables students to fulfill their General Education requirements, participate in fieldwork experiences, and complete a core of professional education coursework appropriate for the first two years of teacher preparation. To earn the AAT students must achieve a minimum of a 2.75 cumulative GPA and present acceptable scores on a state-approved basic skills test.

Program Outcomes
Upon completion of this program a student will be able to:

• Identify major historical events in education and analyze the impact of those events with current educational trends.
• Identify the psychological, cognitive, emotional, and physical characteristics of typically developing children and adolescents, with specific consideration to disabilities and cultural and linguistic diversity.
• Analyze and critique current scientifically-based research and culturally responsive instructional practices for the purpose of understanding the educational needs of students and families.
• Identify the current and inclusive philosophies for differentiating instruction to analyze, improve, and facilitate instruction for diverse learners.
• Demonstrate and utilize technology as a teaching/reinforcement tool.
• Develop excellent written, verbal, critical thinking, and problem solving skills, which will allow him or her to effectively make connections between prior knowledge/experience and new learning.
• Demonstrate proficiency in the application of mathematics through the level of multivariable calculus.

Program Advisors

<td></td>
</tr>
</tbody>
</table>

- **OR**
  - PHYS 262 - General Physics II: Electricity and Magnetism 4 semester hours (NSLD)
  - CMSC 140 - Introduction to Programming 3 semester hours
  - HIST 200 - History of the United States, a Survey Course: from Colonial Times to 1865 3 semester hours (HUMD)
  - ISTD 173 - Integrated Arts 3 semester hours (ARTD)
  - MATH 280 - Multivariable Calculus 4 semester hours

**Total Credit Hours: 61**
* ENGL 101/ENGL 101A, if needed for ENGL 102, or choose one of MATH 117 or MATH 282.

** Students must select BSSD elective from a different discipline than PSYC.

***One of these courses must meet the Global Course requirement.

**** CHEM 131 Principles of Chemistry I or PHYS 161 Mechanics & Heat
Transfer Opportunities
Montgomery College has partnerships with multiple four-year institutions and the tools to help you transfer. To learn more, please visit https://www.montgomerycollege.edu/transfer or http://artsys.usmd.edu.

Get Involved at MC!
Employers and Transfer Institutions are looking for experience outside the classroom.

MC Student Clubs and Organizations: https://www.montgomerycollege.edu/life-at-mc/student-life/

Related Careers
Most require a Bachelor’s degree.
Middle and High School Math Teacher, Data Analyst, Applications Engineer, Aerospace and Defense, Physicist, Engineer, Science and Telecommunications.

According to thebalance.com, it is a teacher's job to help their students learn concepts in a variety of subjects. Secondary school teachers work in middle and high schools, usually specializing in a single subject area such as mathematics. In addition to earning a degree in education, you probably need an additional degree in the subject area in which you want to specialize.

Career Services
Montgomery College offers a range of services to students and alumni to support the career planning process. To learn more, please visit https://www.montgomerycollege.edu/career

Career Coach
A valuable online search tool that will give you the opportunity to explore hundreds of potential careers or job possibilities in Maryland and the Washington D.C. metropolitan area. Get started today on your road to a new future and give it a try. For more information, please visit https://montgomerycollege.emsicareercoach.com
